RIGHT START SPORTS CAMP

This multi-sport camp was developed to give children ages 4-8 a positive “Right Start” into athletics. This program will help young children develop the basic skills everyone needs to play sports: catching, batting, throwing, running and kicking. The fundamentals of baseball, basketball and soccer are taught in a safe, structured, encouraging environment that focuses on fun. All camps are taught by specialized Saint Paul Parks and Recreation Staff. Fee includes a t-shirt, camp ball, daily snack and certificate.
